

# Hearts For Haiti

Dear Verne W. Critz Families,

The recent earthquake has devastated Haiti. Many families are now homeless and are in dire need of food, water, shelter and medical care. At Verne W. Critz we would like to show our concern and support by spreading the character trait of caring, with monetary donations for our "Hearts For Haiti" fundraiser.

We will send all monetary donations for Haiti to the UNICEF organization.

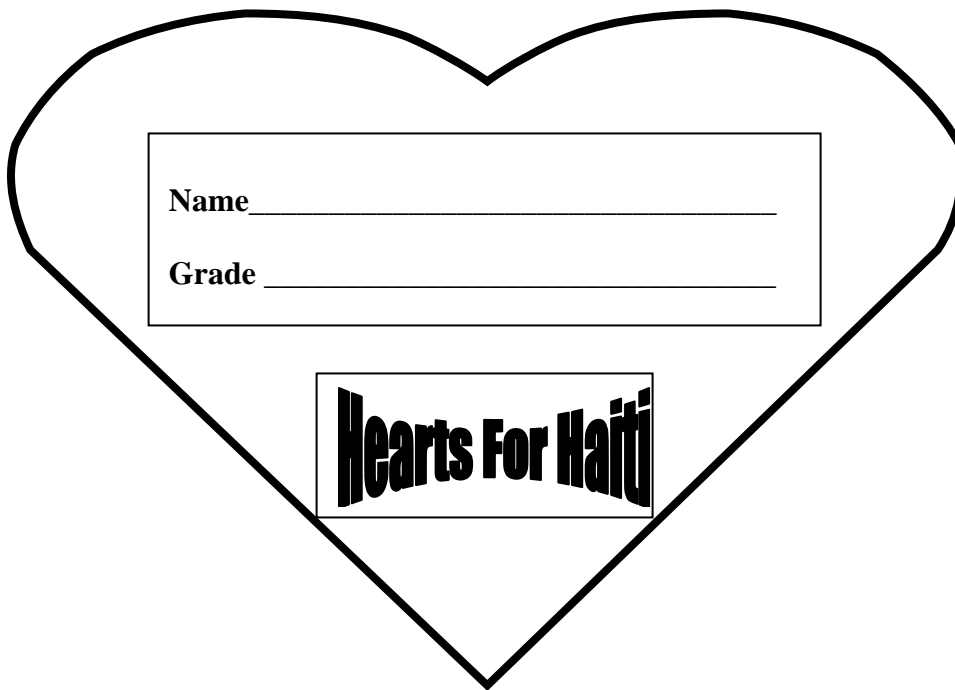

Please complete the heart below and return it with your monetary donation by February 12<sup>th</sup>.

Thank you in advance for your monetary donations on behalf of the Character Education Committee and the entire faculty and student body of Verne W. Critz. All hearts that are returned will be displayed on our "Hearts For Haiti" bulletin board.

*"Do all the good you can, by all the means you can, in all the ways you can, in all the places you can, at all the times you can, to all the people you can, as long as ever you can."*

- John Wesley
