# Benefits Of Recommended Changes

Improved supervision of Instruction and assessment.

True clinical supervision will occur.

Improved inventory control.

Increased communication and accountability across the district.

Support and direction for new and veteran teachers.

Students will benefit from a district wide curriculum by grade level rather than building.

This structure will ensure that when a student moves from a K-3 building to FPL and FPL to BMS and BMS to BHS they will arrive prepared.

**Most Importantly: Our children will receive an enhanced education!!!!**

How can all of this help parents?
