Continuity of Learning  
Grades 7-12

Daily Guidelines for Students
As a guide, parents can plan for students to spend 3-4 hours working with academic material. This time may be completed in one session, or several sessions depending on your child’s learning style and device availability. Grade level and subject-area teachers will provide more details for grade levels.

Teacher Availability to Students
Daily classwork will be provided to students utilizing Google Classroom, Amplify Science, and Math In Focus for Grades 6-8; and through Google Classroom for Grades 9-12. The schedule below lists times that teachers will be available for interactions with students. These interactions can take many forms, using existing learning platforms such as Google Classroom, Amplify Science, Math In Focus, Google Meet/video conferencing, telephone, email, and social media, whether synchronous (live) or asynchronous (recorded). This time with teachers is meant for class-wide projects, meetings, discussions, feedback about previously posted material and other opportunities for student-teacher collaboration to support new student learning. Your child’s teacher will make every effort to reply to inquiries within 24 hours.

Extra Help Sessions will be provided to students on Fridays for 30 minutes, with times determined at teacher discretion.

Extra Help Sessions
Grading during School Closure

For the 3rd Quarter marking period, we will count the six weeks that students had in-school instruction, ending on March 13th, to determine 3rd quarter grades. Teachers will provide students with opportunities to make up work that was missed during that 6-week period, so students can improve the 6-week grade. Student make-up work can be submitted up until April 17th. In addition, work completed via remote learning between April 13th and 17th can count towards the 3rd Quarter marking period. There will be no Quarterly Assessment for the 3rd Marking Period.

Elementary 2nd Trimester grades were posted on March 6th. Beginning Monday, April 13th, student work assigned remotely will count towards 3rd Trimester for elementary students.

Secondary 4th Quarter marking period will begin on Monday, April 20th, and student work assigned remotely and completed will be used for 4th Quarter grades.

Note: Future guidance from the New York State Education Department and/or school closure changes may cause this grading plan to be modified.

Student Support

School Counselors and Social Workers are available to meet with students virtually to discuss various issues including academic progress, college, career and non-emergency social-emotional counseling. Support staff will be available from 10am-1pm weekdays to speak to students. Please email your School Counselor or Social Worker or use the Google Scheduling form found on the Continuity of Learning website to make an appointment. Support staff will email you back with your appointment day and time.
